G. Seminar and Dissemination at Taj Bengal b & C-DRAṢṬĀ's Members and Meetings (2018-19)

Research Team: C- DRAṢṬĀ's research team consists of a core group of senior researchers in an advisory or supervisory role and a team of young, bright and talented junior researchers including research assistant, summer interns and project linked personnel from economics, statistics, computer science, sociology and other disciplines.

The Board of Trustees, custodian of C - DRAṢṬĀ's values and missions, consists of representatives from different walks of life including industry, academia, government and research. They are unified by their commitment to research and training for socio-economic development and philanthropic causes.

To strengthen the quality of research and ensure a multidisciplinary base C-DRAṢṬĀ seeks the expertise of independent professionals and undertakes collaborative research. The panel of Consultants and Collaboration comprises experienced professionals from various domains.

In order to execute its Vision and chart out the future path of the organization, the Board of Trustees seek the advice and guidance of illustrious scholars, professionals and eminent social reformers. The panels of advisors help C - DRAṢṬĀ with their knowledge, experience and expert advice.
