#### Team C-DRAȘȚĂ

As an organisation C-DRAȘȚĂ's core strength lies in its people and the wonderful complementarities that exist between them. All our actions and activities at all levels are organised and co-ordinated based on the above principle that 'TOGETHER WE MAKE A PERFECT TEAM'.

Our belief in the underlying harmonisation of skills attributes and attitudes also extend to the realm of stakeholders whom we try to reach out through our activities. A hope that our efforts will culminate in propelling the formation of ever enlarging group of stakeholders coming together to work on the common cause of sustainable production and consumption thereby making way for a green world.
