

'C-DRAȘTĂ Green Living and Livelihood Drawing and Painting Meet'

June – July 2023

AWARDS

A Special Message from the President, C-DRAȘTĂ

Dear Friends,

Greetings from C-DRAȘTĂ!

It gives me immense joy to announce the Green Living and Livelihood Awards based on the expert feedback on the entries received for the 'C-DRAȘTĂ Green Living and Livelihood Drawing and Painting Meet' organized by us during June – July 2023. Contributions were invited on daily activities, habits and practices which highlight the Theme:

ECO-FRIENDLY WAYS OF LIVING THROUGH ADOPTION OF SUSTAINABLE HABITS IN ONE'S DAILY LIFE'.

The entries have been primarily assessed for conceptualization and presentation rather than technical aspects by a panel of experts from diverse domains and from different walks of life in the spirit of citizen participation and involvement. We were overwhelmed to see young minds with such deep ideas and all the experts enjoyed having a difficult time comparing and trying to capture the messages depicted by the contributions.

In keeping with our penchant to join hands for a Greener and Happier 'EARTH' we decided to name the awards as:

- ❖ C-DRAȘTĂ Green Living and Livelihood 'SMILING EARTH AWARD' for the well-liked entries
- ❖ C-DRAȘTĂ Green Living and Livelihood 'GRINNING EARTH AWARD' for the very well-liked entries
- ❖ C-DRAȘTĂ Green Living and Livelihood 'LAUGHING EARTH AWARD' for the most well-liked entries

And Yes, the 's' in entries is intentional because mostly multiple entries from different age categories have qualified for each award.

At the risk of testing your patience with a longer read I would like add a note of appreciation for Team C-DRAȘTĂ members Arnab Dutta, Debarati Dutta, Palashpriya Chatterjee and Surosree Nath for their enthusiastic efforts in organizing this GLL meet.

Hope you enjoyed being with us in this green journey as much as we have enjoyed being with you!
Wishing you Green Days ahead!

Rajlakshmi Mallik
